“... there comes a time when every professional needs to **orchestrate** a grand exit”

OVERVIEW

There is nothing more vexing than moving on from a great job or career, especially one that has taken years to build. But there comes a time when every professional needs to orchestrate a grand exit. And reasons abound—from a company layoff, an unexpected opportunity, a long awaited retirement, or simply the desire to move on. Whatever the case, change always remains a risky endeavor.

We have just the solution.

Quantum PEER!™, an executive coaching program for corporate refugees, is ideal for people who are unhappy with their current career situation and are looking for something better.

SOLUTION

Quantum PEER!™ is a one-on-one executive coaching program designed to help you identify and accomplish your career goals faster than you could your own.

Through the use of the DiSC® Classic Profile System and our

advanced five-stage Quantum Delivery Approach, we give you the insight and confidence you need to fully exploit your strength and growth areas, identify work characteristics that best fit your unique personality and management style, and discover what you truly want out of your professional life.

Savvy professionals everywhere are turning to Quantum Identity Group for a proven way to advance their careers through self-directed learning.

Our executive coaching solution is not for the faint of heart, however.

It is a highly interactive process that requires clients to confront ways in which they may be their own worst enemies, preventing themselves from achieving the results they desire.

And unlike traditional coaching methods, we do not perform “techniques” on our clients. Instead, we partner with you in your developmental process. We understand that professionals require tough companions who are willing to join them in their most difficult work challenges; standing shoulder to shoulder with them in their professional journey towards

change and renewal. We also understand that you are the expert in your respective field, not us. Our role is simply to challenge you to work authentically and bring a more integrated self to your profession.

At its heart, executive coaching is a voluntary interaction where the coach is neither responsible nor accountable for the outcomes of the person being coached. As such, the client must truly want to experience a professional breakthrough in order for our program to be most effective.

Motivated clients will experience powerful professional insights, a greater self-awareness, and a rapid return on investment.
